HEADLINE

I'm a Full Stack Web Developer that specializes in HTML, CSS, JavaScript and Python coding languages and Bootstrap and Django frameworks.

PERSONAL STATEMENT

I have changed careers into this industry after being made redundant from my previous career as Product Sales Executive. I am currently studying to be a Full Stack Web Developer with Code Institute. I'm aiming to achieve a role as Junior Developer once my course is complete and progress my career.

CORE SKILLS

Frontend	Backend	Frameworks	Source control	UI / UX
HTML CSS JavaScript	Python	Bootstrap Django	Git	Wireframes

PROJECTS

Dunn's Comic Book Shop

Online comic book shop, where users can view comic books they wish to purchase.

HTML, CSS and JavaScript languages used and Bootstrap framework.
